in recognition of International Society for Animal Rights (ISAR) 20th Anniversary of
International Homeless Animals' Day 2011

Why: To honour and acknowledge the plight of homeless animals and to raise awareness for the solutions of spay/neuter and adopting animals from our shelters.

How: An annual symbolic event to energize the ground in the "Memory Garden" and momentarily share the sorrow and acknowledge and give blessings to the spirits of those animals who have been killed just because they were alone in our community.

Ceremonies will start at dusk, approx 8:15 pm. Dogs welcome, on leash please. Rustic venue means please bring your own bug spray, blanket, umbrella, chair and candles, etc.

There will be a circle of speakers, a short 25-min documentary "Take Me Home", then each person can have the opportunity to take part in the ceremony by lighting one of the coloured candles.

Serving from a cauldron of soup and bread, refreshments at the tiki hut and s'mores at the campfire.

All donations welcomed and appreciated....financial, food, wind chimes.
